Phone: 92-021- 36625774 & 36065313

In connection with the generous support extended by the **Johanna Wittum School, Germany**, an event was organized for sharing this extremely worthwhile support with the faculty and the student body of the Maan Jee School on 09 December, 2013.

The principal of the Maan Jee School shared this passionate instance of the community, students and teaching faculty who took the pains of organizing the donation collection campaign for the Maan Jee School. The administration paid tribute to everyone who passionately put in efforts for this noble cause. All those who were present felt highly thankful and shared the same feelings. On this occasion, students felt overwhelmed and shared their emotions by way of some play cards. Students also showed their commitment that once they complete their education and reach stability, will revert this favor to the underprivileged classes of community as **Johanna Wittum School & Friends of Maan Jee School** has done with them. These play cards read the following;

**Ich denke ihrer fur ihre Zeichen der Liebe.**

**( Thank you for your token of love)**

**Meilen voneinander entfernt Liegen aber so nah, der Liebe ihre Freundlichkeit.**

**(Miles apart but so close, love your kindness)**

**Wir Sind in der Lage, auch weitherhin meine Schullaufbahn mit ihrer großzügigen Hilfe.**

**(I am able to continue my schooling with your generous help)**

**Eines Tages werden wir wieder diese Wohltaten für die Gesellschaft.**

**(One day we will return these favours to society)**
